David Littleproud MP working with Federal Government to support those affected by Ostwald Bros shock voluntary administration announcement

FEDERAL Member for Maranoa David Littleproud was shocked to learn of today's announcement that Dalby-based civil construction company Ostwald Bros was entering into voluntary administration.

"I was saddened to learn Ostwald Bros has gone into voluntary administration and I understand about 470 employees – and their families – could be affected," Mr Littleproud said.

"I have made contact with my ministerial colleagues including Employment Minister Michaelia Cash and Human Services Minister Alan Tudge to make sure our local Centrelink office is fully equipped to assist those affected.

"This is a local, family-owned and operated company and a major supporter of rural Queensland and I know that I am not alone in my hope that Ostwald Bros can get back on track."
