

David Littleproud MP

Federal Member for Maranoa

Media statement

March 21, 2017

Coalition Government funding means Western Downs pre-schoolers will be given the chance to learn a second language

SPEAKING a second language isn't just about making travel easier, the ability can also boost creativity and now – thanks for Federal Government funding – 131 pre-schoolers on the Western Downs will be given the opportunity to learn Japanese and Spanish, Maranoa MP David Littleproud said.

“The Coalition Government’s Early Learning Languages Australia (ELLA) program means Japanese will be offered at Dalby Beck Street Kindergarten, Snow White Kindergarten and Goodstart Early Learning Dalby and kids will be able to learn Spanish at the Murilla Long Day Care & Kindergarten in Miles,” Mr Littleproud said.

“This opportunity will not only start a life-long interest in language learning for our kids but also boost their English and problem-solving skills.

“Exposure to another language and culture can have significant benefits on children from a young age – it expands their horizons and opens up exciting opportunities around the world when they reach the workforce.”

Mr Littleproud said 566 preschool children across his rural electorate were going to be given the opportunity to learn a second language.

“This funding provides a great opportunity for our country kids with Japanese being offered in Dalby to Spanish on offer in Longreach – just because you live in a small town shouldn't limit your education access,” he said.

ELLA began as a small trial of 41 preschools in 2015 and is a digital, play-based program where preschool children use a series of interactive applications (apps).

It is designed for use by educators who do not have formal language training and extensive support, training and resources are provided to assist educators in the effective delivery of early language learning and cultural awareness.
