Nationals enter a new era under Michael McCormack

THE Nationals enter a new era today, following the election of Michael McCormack as Leader of our party, Maranoa MP David Littleproud said.

“The people of Maranoa can rest assured we’ll continue to deliver for them together,” Mr Littleproud said.

“It was humbling to receive significant support from colleagues and others, urging me to run for the leadership of the National Party however, I have chosen to continue focussing on Maranoa and the Agriculture and Water Resources portfolio.

“Now is the time for all individuals to be team players. Now is the time to think about stability and the good of the party.

“I look forward to continuing to serve the people of Maranoa and we look forward to delivering great things under Michael McCormack’s leadership.”
