#### **Three new tennis courts for Jandowae with \$200,000 secured through Maranoa MP**

Jandowae will become a tennis player's dream when three new courts are constructed thanks to \$200,000 – secured through the Coalition Federal Government's Community Sport Infrastructure Program - Maranoa MP David Littleproud announced today.

"The three new courts will be constructed with a synthetic turf surface which is more suitable for players to improve their game and it's easier on the body," Mr Littleproud said.

"This funding will also be used to build a fence around the facilities.

"You can ask any rural community in Maranoa and they will tell you the importance of top-notch sports facilities.

"The flow-on effects are numerous because new faces around town have an opportunity to get involved and make friends with locals.

"The more part of a community you feel the more likely you are to stay.

"Besides enhancing that community spirit, everyone needs to exercise and keep fit. Sport acts as an enabler for these positive outcomes.

"This funding also provides Jandowae's tennis players with access to facilities that match those available in our bigger cities – just because you come from the bush doesn't mean you can't access modern facilities."
