### **MULTI-MILLION-DOLLAR UPGRADE TO LIFEFLIGHT ROMA BASE HAS BEGUN CONSTRUCTION**

The Leader of The Nationals and Member for Maranoa David Littleproud is pleased the new LifeFlight Roma Base has begun its multi-million-dollar upgrade.

The Liberal and Nationals Government invested \$1,072,137 to the LifeFlight Foundation under Round 5 of the Building Better Regions Fund to assist in the construction of a fully functional aeromedical base at Roma Airport.

Mr Littleproud said he is looking forward to seeing the Coalition funded facilities save lives and give his region the fair share local communities deserve.

“The construction of the LifeFlight base at Roma Airport is highly important to the safety of our community and the future of regional Australia,” Mr Littleproud said.

“The Coalition backed project is needed to save lives in our local communities.”

Under Round 5 of the Building Better Regions Fund (BBRF), the Coalition Government committed almost \$300 million to support 295 projects across regional Australia.

Round 5 of the BBRF brought the total support to \$1.38 billion across 1,300 projects through the program.
